

Variomet-Wax with plate

Variomet-Wax with stew bowl

Variomet-Wax cross-section

THE PERFECT SOLUTION FOR EXTREMELY LONG DISTRIBUTION TIMES OF UP TO APPROX. 120 MINUTES

- Active and continuous reheating of the hot dishes.
- 18/10 stainless steel base, double-walled, homogeneously welded with heating core welded fully to base and additional wax-filling for optimum heat transfer.
- Thermoplastic cover, double-walled insulation, homogeneously welded, with reinforced foam core.
- Insulating cover also functions as lid for stew bowl up to maximum 19.4 cm (7¾ in.) diameter, so no extra plastic lid needed.
- The deep rim of the insulating cover seats it firmly on the plate and also helps minimise spillage of the contents, even when transport routes are problematic.
- The insulating cover is high-walled, allowing ample room for food presentation on the plate (including for example dumplings, stuffed peppers or filled rolls).

Spill-proof insulating set for soup

- Spill-proof design due to inside splash groove, prevents soups from slopping out during difficult transport situations.
- For perfect-fit porcelain soup bowls of 0.43 l (15.1 fl.oz.) capacity with inside spill-stop groove.
- Soup bowls are easy to insert and remove, making handling simple.
- Insulating cover in two-colour design, dark side of the cover avoids visible discolourations caused by food with intense colour pigments.

Hygienic covering of salad and dessert dishes with extra-thick, high plastic lids or cooling lids.

COOLING CLOCHE VARIOFRESH _____ HOSPITALA

Cooling cloche exterior

Cooling cloche interior

Cooling cloche stacked

COOLING CLOCHE VARIOFRESH – THE OPTIMUM LEVEL OF COLD TEMPERATURE RETENTION WHICH USES ONLY ONE COMPONENT

- Perfect for hygienic covering and cooling of all cold meals for breakfast, lunch and dinner.
- For plates of up to 26 cm (10¼ in.) and bowls up to 19.4 cm (7¾ in.) in diameter.

- For serving evening meals: Easily distinguished from the insulating VARIO cover from midday; outside stacking points are an identifying feature.
- Robust polypropylene with a cooling core in the lid with foam-lined sides to cool food to the perfect temperature.
- 6 large stacking points for optimal cooling, stacking and drying.
- The solid construction ensures a long life, and the rounded edges give it a distinguished look.
- The cooling cloche VARIOFRESH is available in various colour combinations.

Before using the first time, it is recommended to clean the products with water due to hygienic reasons
